RULING ON ENTITLEMENT¹

On March 8, 2019, Patrick Hansen filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that he suffered Guillain-Barre Syndrome (“GBS”) as a result of his November 13, 2013 influenza (“flu”) vaccination. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 24, 2020, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report

at 8. Specifically, Respondent indicates that

petitioner has alleged that the flu vaccine caused his GBS. Medical personnel at DICP have reviewed the petition and medical record evidence filed in this case. It is respondent's position that petitioner has satisfied the criteria set forth in the Table and the Qualifications and Aids to Interpretation ("QAI"). See 42 C.F.R. §§ 100.3(a)(XIV), 100.3(c)(15).

Id.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
